CAN I BE AN ANTARCTIC AMBASSADOR?

Do you love and respect Antarctica?

Yes

Do you have a desire to tell anyone who’ll listen about your visit to the white continent and why it’s so important to protect it?

Yes

Do you / would you advocate for Antarctica on environmental issues when opportunities arise?

Yes

Do you protect the planet and therefore Antarctica with the everyday decisions you make? (recycling, eating less meat, trash pick-ups etc)

I do!

I should do that!

Sounds like you’re already an Antarctic Ambassador!

I don’t know enough about it!

I haven’t been to Antarctica

That’s okay, you don’t need to have visited Antarctica to be an Antarctic Ambassador

I wouldn’t know where to begin!

Head to Antarctic Ambassador pages at IAATO.org for some ideas to get you started

Sounds like you are on your way to being an Antarctic Ambassador!
